

Barbara's permaculture ethical choosing between options

Instructions:

Fill in your options in the 1st column,

Optionally choose your variable for the last column ("safety", "maintenance", "fair share")

Give points for the costs; cheap is more points

Give points for the permaculture ethics: every "yes" is a point

Double the points for the important columns (costs and earth care or choose your own)

The option with the most points wins!

options	costs	earth care	people care	future care		points
1	x2	x2				
2	x2	x2				
3	x2	x2				
4	x2	x2
